**Please note the following information so invoices can be processed electronically:**

1. Send only one invoice in PDF format per E-Mail
2. Options for delivery notes / attachments:
  - a. can be added to the PDF and be separated with the "[attachment separator sheet](#)"
  - b. can be added as separate attachments in PDF format. The file with the invoice should be in first place amongst the attachments

Note: It is not possible to send several invoices in one e-Mail.

Please use this option for improvement.

Thank you for your cooperation.
