

**To: MANN+HUMMEL Group Supplier Partners**

**Re: REACH 2018 – Registration obligation**

Dear business partner,

We would like to inform you about legal obligation to be compliant with REACH Regulation (EC) 1907/2006.

All chemical substances, which are imported outside from the EU or manufactured in small volumes that are between 1 to 100 tons per year, have to be **registered until May 31<sup>st</sup>, 2018**. In addition, substances, if they are contained in articles in the amount of 1 tonne per year and manufacturer or importer, and are intended to be released, must also be registered. Since July 2018 cannot be imported, manufactured or used non-registered chemical substances above 1 tonne per year.

The chemical substance can be registered only if it is pre-registered. The deadline for pre-registration is setup on May 31<sup>st</sup>, 2017.

More information about REACH 2018 you can find here: <http://echa.europa.eu/reach-2018>.

If you have any questions concerning REACH Regulation in MANN+HUMMEL, please contact directly [reach@mann-hummel.com](mailto:reach@mann-hummel.com).
