REDUCING THE SPREAD OF COVID-19
BY SOCIAL DISTANCING

- **No Social Distancing**: 2,5 people infected after 5 days → 406 people infected after 30 days
- **50% Less Contact**: 1,25 people infected after 5 days → 15 people infected after 30 days
- **75% Less Contact**: 0,625 people infected after 5 days → 2,5 people infected after 30 days
